# Rivane Neuenschwander

Belo Horizonte, Brasil, 1967

Desde os anos 1990, Rivane Neuenschwander elege como material de sua produção elementos da vida cotidiana,das trocas sociais, das lembranças ou do consumo, da História. Em suas instalações, Neuenschwander traduz o caráter intercomunicante dos sistemas vivos, transformando a experência do espaço de maneira multissensorial. Em desenhos, pinturas, tapeçarias e vídeos, a artista opera o cruzamento de seu repertório plástico com a ciência,a psicologia, a linguística e a literatura, de modo a articular assuntos prementes da vida contemporânea. Ao acoplar a ação e a presença de corpos humanos e não-humanos a substratos conceituais que orientam sua produção, os seus trabalhos dialogam com os coletivos ou com os fenômenos que levaram à sua elaboração. O outro se deixa mostrar como parte fundamental de cada obra.

**SAIBA MAIS**

Since the 1990s, Rivane Neuenschwander has drawn on elements of everyday life—social exchanges, memory, consumption, and history—as the foundation of her practice. In her installations, she explores the interconnected nature of living systems, transforming spatial experience through multisensory environments. Across drawings, paintings, tapestries, and videos, Neuenschwander brings her visual language into dialogue with fields such as science, psychology, linguistics, and literature, addressing urgent questions of contemporary life. By intertwining the presence and actions of human and nonhuman bodies with the conceptual frameworks that shape her work, she creates pieces that emerge from and engage with collective processes and phenomena. In this context, the "other" becomes an essential and constitutive element of each work.
