Sergej Jensen

Sergej Jensen - Retrato [Portrait]

Sergej Jensen

Maglegaard, Denmark, 1973

Sergej Jensen's work draws on a wide range of materials and formal references. Primarily known for his textile works, his compositions incorporate a variety of fabrics, from burlap and linen to silk and wool. Working within the idiom of minimalist painting, Jensen takes the canvas and sews, bleaches, stretches or stains the cloth to create works that waver between abstraction and figuration. His practice draws attention to seemingly incidental details such as flecks of wool or frayed edges, and his muted palette and gestural mark-making point as much to negative space as to delineated forms.

A obra de Sergej Jensen parte de uma gama ampla de materiais e referências formais. Conhecido principalmente pelos seus trabalhos têxteis, suas composições incorporam uma variedade de tecidos, de juta a linho, passando pela seda e pela lã. Jensen costura, branqueia, estica e mancha o tecido para criar obras que oscilam entre a abstração e a figuração. Sua prática também chama a atenção a pequenos detalhes aparentemente acidentais, como flocos de lã ou bordas desfiadas. Sua paleta de cores esmaecidas e marcações gestuais indicam tanto o espaço vazio quanto formas delineadas.
